Invitation: Water Project and Partnership Workshop

Dear fellow Rotarian,

On Friday afternoon, **7 September 2018**, IHE Delft Institute for Water Education and The Rotary Foundation are organizing a **water project and partnership workshop** at **IHE Delft, Netherlands**. The event aims to bring together people who are involved in water projects and/or have a particular interest in Water and Sanitation.

As you may know, [The Rotary Foundation](#) established a partnership with [IHE Delft](#) in 2011, offering scholarships for talented students who would otherwise not be able to afford to study at the Institute. IHE Delft, the largest international graduate water education facility in the world, has proven to be a good match for The Rotary Foundation, the charitable arm of Rotary International, which has a strong tradition in providing global graduate scholarships.

Together, Rotary and IHE Delft strongly believe that providing quality education to the water experts of tomorrow will be key to overcoming the water-related challenges the world is faced with today. To date, over 75 students have been funded to complete an MSc at IHE Delft with Rotary Foundation grants. Have a look at this [video](#) on the success of the partnership.

The special event at IHE Delft on 7 September, to which you are invited, will give you the opportunity to meet and exchange ideas with IHE Delft scholars, professors, Rotary leaders and water experts from various countries. The programme will start at 14:00 with a plenary session featuring keynote speeches from water and Rotary leaders, followed by interactive thematic sessions with some of the Rotary-sponsored IHE Delft students. The afternoon concludes at 17:30. with a reception to network and reflect informally on the day.

The water project and partnership workshop will held at IHE Delft, [Westvest 7, 2611 AX Delft](#), The Netherlands. The working language will be English. It is free of charge, but does require you to register. Please do so through [filling out this form](#).

We hope you will be able to join us in Delft on 7 September.

With kind regards,

Per Høyen
Trustee 2018-2022
The Rotary Foundation

Prof. Dr. Ir. Eddy Moors
Rector IHE Delft
Institute for Water Education
